THE ROOF OF AFRICA

A few members of our Anaesthetic department experienced a “high” of a different kind this weekend when they summited Sani Pass (aka The Roof of Africa), to an altitude of 2874 above sea level. A challenge which everyone should try at least once! Although definitely not for the faint of heart, lungs or legs!

The group included: Drs Tom Singh, Sailesh Ramcharan, Sudha Bechan, Devan Rungan, David Woerber and Leresse Pillay.
