

D.A.W.N.

Volume 31 No. 22

11 June 2018 – 17 June 2018

If you have an article, reference or any newsworthy exposé please forward to Londiwe Cebekhulu cebekhuluL@ukzn.ac.za

Good Luck!

To everyone who will be participating in the marathon. This coming weekend.

REGISTRA POSTS - 2019

I would encourage everybody who is eligible and wishes to specialise to apply. Those who are still writing examinations can apply pending their results. **The full advert is on the Dept website under notices.**

ICS NOTICE

Please be advised the Switchboard line number "9" has changed to "9999". When dialling Switchboard internally you should now dial "9999".

COMMUNICATION SKILLS WORKSHOP – 20/21 JULY IN DURBAN

5 seats left!

(14 CPD including 2 Ethics)

If you cannot communicate, it doesn't matter what you know

- To help in this important area, Train Pain is offering a 2 day experiential workshop focusing on clinician communication skills training. The workshop will be completely interactive, participant centred and experiential.

- The course forms Module 2 of the Certificate in Pain Management. Voluntary conversion to Level 2 points is done by means of a video assessment

Date: Frid 20 July & Sat 21 July 2018

Venue: Prime Human Performance Institute, Moses Mabhida Stadium, Durban

Pricing: PMPG Members - R2 350.00
All other healthcare professionals – R2 650.00

To register contact:

Debbie 083 443 1111

PAIN INTERVENTIONS FOR PRESCRIBERS COURSE 4-5 AUGUST 2018 CAPE TOWN

15 CPD points

(Module 3) Certificate in Pain Management

This course aims to provide prescribing health care professionals with the knowledge and skills to use an evidence-informed, mechanism-based approach for use in the management of people with pain. Using a combined didactic and workshop approach, the facilitators will present a mechanism based reasoning model for pain, the evidence for the pharmacological management of pain and conduct case-based workshops with participants to facilitate multi-modal pain management.

By the end of the course participants will:

- Be able to describe the basic physiology of pain and use a mechanism based clinical reasoning model to identify targets for treatment.
- Be able to develop a multi-modal pain management plan using analgesics, adjuvants and non-pharmacological treatments
- Understand the background to the opioid epidemic and the consequences of opioid misuse. Be able to identify and manage at risk patients, monitor opioid use and identify aberrant drug related behaviours. Have an approach for the management of opioid misuse including weaning strategies, opioid sparing agents and holistic biopsychosocial management.

· Have reflected on the ethical issues of prescriber burnout in pain management

Date: 4 & 5 August 2018

Venue: Old Main Building, Groote Schuur Hospital, Cape Town

Pricing: R2 350.00 PMPG Members
R2 650.00 All other healthcare professionals
